**REGULAR CALENDAR**

1) City Manager J. Goodwin presented the staff report for consideration and adoption of Resolution No. 27-20 Approving a Memorandum of Understanding (MOU) with Olivehurst Public Utility District (OPUD) Regarding Regional Wastewater Collaboration. Earlier this year the City Council directed to staff to evaluate regional wastewater treatment options for the City of Wheatland and appointed a Sewer Ad-hoc Committee to work with staff on that evaluation. Work accomplished to date positions Olivehurst Public Utility District the City's best potential partner. The key reasons are: OPUD's annexation of the Yuba County Entertainment District and plan to provide wastewater services to that area extends the OPUD collection system south and reduces the capital cost of connecting to a regional wastewater plant; OPUD staff has entered into very constructive dialogue with Wheatland staff regarding a potential service agreement; Yuba Water Agency has agreed to fund the engineering design of OPUD's expanded collection system; Yuba Water Agency (YWA) POD Committee has recommended a similar funding package for design of a Wheatland wastewater connection to OPUD. The full YWA Board of Directors will consider that funding commitment on June 16. Any potential state or federal funding partners are unlikely to consider awards in Yuba County for separate regional wastewater efforts. As a result, staff has recommended to our Wheatland Sewer Ad-hoc Committee to focus on the OPUD partnership as the top priority. To memorialize the work already occurring, both OPUD and Wheatland staff are recommending adoption of the attached MOU.

Motion was made by Vice Mayor Jay Pendergraph, Seconded by Council Member R. Coe to **adopt Resolution No. 27-20 approving a Memorandum Understanding (MOU) with Olivehurst Public Utility District (OPUD) regarding regional wastewater collaboration.** Vote called – AYES: All. Motion carried.
